SUMMARY

I'm a software developer working with Python and AI/ML. I like training and integrating machine learning models and shipping the systems that put them in front of users. I'm currently working as a Software Developer at Skyllect Pvt. Ltd., after starting there as an intern.

EXPERIENCE

Software Developer — Skyllect Pvt. Ltd. Present

- Build and maintain backend features and AI/ML pipelines using Python.
- Work on AI/ML-related tasks as part of ongoing projects.
- Collaborate with the team on code reviews and day-to-day development tasks.

Software Development Intern — Skyllect Pvt. Ltd. 6-month internship

- Learned the production codebase and development workflows across Python and AI/ML.
- Assisted the team on assigned tasks and small feature contributions.
- Converted from intern to full-time Software Developer after the internship.
